June 27, 2017

To: Members of the Oregon Grand Guardian Council

I must apologize for the oversight with reading the standing committees at Installation on Sunday. They are complete with one exception as members of that committee are now holding offices that would preclude them from serving their time as chair on this committee. There is one position that we are verifying eligibility before announcing the name in order to remain in compliance.

Again I apologize for the oversight in reading these committee placements on Sunday and would ask for understanding in this oversight.

Thank you

Laurie Armstrong
