

BnR Tackle is a Pacific Northwest based salmon and steelhead company owned and operated by brothers who actually live and fish in the PNW. Our product is great for all levels of experience. BnR Tackle is constantly designing product prototypes with the goal of providing you the customer with effective and efficient products.

We are coming to the Craft Fair Nov 3rd in Salem at the Scottish Rite Building from 9 to 4. Tell your fishing friends there will be something at the fair for them too.

Great Christmas Gifts

Come see Sue Coulter or the BnR tackle booth, our first 20 customers who show us this flyer will receive a free Holey Worm. Who doesn't want a free WORM after all???
